

Project:
John Flynn Hospital

Location:
Coolangatta, Queensland

Designer / Architect:
Olympus Australia

Contractor:
Unknown

Armstrong Flooring:
Accolade Plus

Featured skus:
Bells Blue, Ceduna White

Area: 100m²

The John Flynn Hospital was a unique project, specified by Olympus Australia with Armstrongs Australian Made range, Accolade Plus.

This homogeneous flooring is commonly specified in large commercial spaces due to its ease to install, longevity, extreme durability, and cleanability. This project plays with colour contrast and shapes to create a unique and vibrant feel to an otherwise subdued space.

ACCOLADE® PLUS is our most durable vinyl sheet floor. Designed in a range of colours to complement your design, Accolade Plus also features both a highly accented jaspé visual and an embossed surface texture to help hide dirt created in high traffic conditions.
