Armstrong Flooring has all your floors covered:

**Luxury Vinyl Tile • Engineered Tile • Vinyl Sheet • Rigid Core**

For more than a century, Armstrong Flooring has been known and trusted the world over for consistent quality, innovative design and satisfied customers.
Armstrong Flooring, Inc. is the trusted, global leader in the design and manufacture of flooring solutions. We create innovative flooring solutions that inspire beauty wherever your life happens. We are a company of amazing people working together to provide the highest level of service and quality to ensure that our company is as strong and vital as our heritage. Every day, our actions embody Thomas Armstrong’s founding motto: “Let the buyer have faith.”

Our Diamond Standard of Quality affirms our century-long commitment to being the most trusted flooring resource known for superior service and support, uncompromising quality, and persistent innovation. From developing visuals and color palettes that inspire fresh, exciting designs, to providing rigorously tested, high-performance flooring solutions for optimum durability, our Diamond Standard of Quality is evident in everything we do — and it’s why people confidently choose, specify, and trust Armstrong Flooring products again and again.

CATERED TO YOUR INDUSTRIES

Armstrong Flooring understands the unique set of challenges that builders and property managers face when choosing flooring for their homes and communities. We recognize the importance of quick turnaround times, product availability and dependability. That’s why we guarantee an impressive array of readily available, stylish, durable and easy-to-install options at every price point.

Armstrong Flooring has over 150 years of experience, quality and innovation in hard surface flooring. To meet the unique needs of our builder and property management customers, we provide:

- Superb quality and realistic designs from trusted brands that are desirable to your home buyers and residents
- Reliable availability through Recommended Style Lists (RSL) in every category which ensure the products listed will be available all year
- Innovative product technology that allows for quick and easy repairs and better damage control
- Large selection of products across categories for every price point and every budget

This catalog represents only a portion of the Armstrong Flooring product portfolio. Please contact your local sales representative or go to www.armstrongflooring.com for additional product selections.
SUSTAINABILITY AND COMMUNITY INVOLVEMENT
Armstrong Flooring has a proud, long history of sustainability and environmental stewardship and we believe one of the reasons we have stood the test of time is our commitment to acting responsibly and with integrity everywhere we work. Armstrong Flooring has five (5) manufacturing facilities in the United States and our Corporate Headquarters was the first building in Pennsylvania to receive Platinum LEED certification. For more information about sustainability commitments and our community contributions, go to www.armstrongflooring.com/corporate/en-us/sustainability.html.

Luxury Flooring, Vinyl Tile and Vinyl Sheet
Armstrong® vinyl sheet, vinyl tile and LVT are FloorScore® certified and ortho-phthalate free. Products with FloorScore certification are guaranteed to meet or exceed low emission standards, will not adversely affect indoor air quality and have passed a third party certification process.

Engineered Tile
Alterna® Engineered Tile is FloorScore certified, ortho-phthalate free and contains a minimum of 40% pre-consumer recycled content.

SOLUTIONS FOR BUILDERS
Providing style, value, and peace of mind to potential homeowners — that’s your goal as a builder. Rigid Core flooring checks all these boxes, making your job easy when choosing flooring for new-construction homes. With designs that truly mimic the texture, appeal, and nostalgia of traditional hardwood, Rigid Core flooring is an ideal choice when you consider the additional benefits that hardwood can’t compete with — water resistance, dent and scratch resistance, as well as an easier and more affordable install.

SOLUTIONS FOR PROPERTY MANAGERS
Easy-to-install flooring options are ideal for property managers with tight deadlines, and Rigid Core flooring doesn’t get much easier — no glue, pad, or underlayment required. Rigid Core’s on-trend styles and designs help attract tenants, while providing the upfront flooring investment pays off with long-term durability.
RIGID CORE: FLOORS DESIGNED WITH MODERN HOMES IN MIND

Waterproof. Kidproof. Petproof. Floors today need to withstand heavy traffic, drops, scratches, and most importantly, spills. Rigid Core flooring was designed with these principles in mind.

It’s 100% waterproof,* easy to install, and provides extreme scratch and indent resistance when compared to solid hardwood flooring.

But, not all Rigid Core flooring is made equal.

WPC (wood polymer composite) was the first Rigid Core product introduced to solve the shortcomings of hardwood. SPC (solid polymer composite) Rigid Core has taken it up a notch, including all the benefits of WPC flooring, but unmatched in durability. Although both flooring types are equally resistant to scratches and stains, the denser core of SPC makes it superior in dent and damage resistance from impact or heavy weight — making this the top choice for today’s modern household.

*When exposed to water planks will not swell, buckle or lose integrity. See warranty for details.
Rigid Core Vantage™ combines striking and realistic wood design in an extra-long plank format to create a dramatic look that’s perfect for any room. In addition to the realistic designs, embossed-in-register detail mimics the feel of authentic hardwood. Structured for lasting durability, Rigid Core Vantage™ features a 6mm dense polymer composite core and a 20 mil commercial grade wear layer with urethane coating to provide increased dent resistance and greater protection against scratches, scuffs, and stains — making it perfect for high-traffic areas that withstand heavy wear and tear. A drop-lock installation system makes installation a snap and a 30-Year Residential warranty adds even more peace of mind.

Rigid Core Essentials™ is built to withstand everyday life scenarios — busy households, muddy soccer cleats, and pets. With a 4mm dense polymer core and a 12 mil urethane wear layer, Rigid Core Essentials, will hold up to scratches, spills, and stains. Installation is easy, as planks lock into place and can be installed over most existing subfloors or flooring — no need for a messy glue or a separate pad or underlayment.

*Can be installed in fully-enclosed three-season rooms where the expected temperature range is 32° F to 100° F.

SOLUTIONS FOR BUILDERS

For 100% waterproof* and easy-to-maintain flooring in a new home, LVT is a great option at a more cost-effective price point. Wood, stone, and textile visuals are all available to showcase the same beauty that homeowners love, but with easier maintenance. LVT is easy to handle and replace, making it easy — and inexpensive — to install.

SOLUTIONS FOR PROPERTY MANAGERS

Durable, easy to maintain, and simple to replace — LVT is an ideal choice for property management. LVT’s 100% waterproof properties stand up against a tenant’s everyday wear and tear at an extremely cost-effective price point. Installation and repair is simple and straightforward, saving you precious time and money in the process.

This is the value you get in Armstrong Flooring’s luxury vinyl tile products — a robust, yet versatile alternative to traditional hardwood.

Embracing a variety of popular wood visuals — ranging from traditional walnut hardwood to weathered barn wood — Armstrong Flooring’s LVT floors come with several added bonuses: 100% waterproof, increased durability, ease of maintenance, easier and less expensive installation, and a more affordable price overall.

*When exposed to water planks will not swell, buckle or lose integrity. See warranty for details.
American Personality™ 12 is built with American strength and style in mind. A tough fiberglass reinforced structure with a 12 mil wear layer provides ultimate protection, resisting rips, tears, and gouges. Realistic visuals are enhanced with 20 unique planks per design to virtually eliminate visible pattern repeats seen in other flooring options. And unique to the LVT category, American Personality 12 floors require no acclimation for most installations.*

**Made in the USA**

American Personality™ 12 luxury flooring is proudly made in Stillwater, Oklahoma with global and domestic content.

Vivero® Good features a 6 mil Urethane Plus wear layer to prevent scratches, scuffs, and stains — these floors are built to withstand real household use by enduring water, pets, kids, and heavy traffic.

**Made in the USA**

Vivero luxury flooring is proudly made in Lancaster, Pennsylvania, with global and domestic content.

SOLUTIONS FOR BUILDERS

Time is money, and Armstrong Flooring’s collection of vinyl sheet products work to save you both. Easy handling and simple installation allow your building projects to move forward without extensive time devoted to the installation process. Vinyl sheet’s extremely cost-effective price point allows you to offer a home with waterproof,* durable flooring at a great price, while offering simple maintenance and care.

SOLUTIONS FOR PROPERTY MANAGERS

From keeping units in top condition to keeping them occupied, you need to get the most from every product you choose. Armstrong Flooring’s vinyl sheet products provide a seamless alternative to LVT products highlighting the durability you need to withstand a variety of tenants, all at an extremely cost-effective price point.

Maximum Durability, Protection, and Efficiency

Stratamax® Good & Stratamax® Value Plus — You can count on StrataMax for long-lasting resilience because it’s fundamentally different from any other vinyl sheet on the market. StrataMax is the only vinyl sheet product that uses 70% limestone in the backing, providing the strength of stone in sheet form. A Urethane Plus coating offers unparalleled performance, while its sturdy rock-back construction allows for a loose lay installation over existing vinyl floor or less than perfect subfloor with no complicated prep or underlayment. And best of all — with no adhesive to scrape up, removal is even easier than installation.

THE STRENGTH OF STRATAMAX

No Damage at 80 lbs.

LABTESTS SHOW THAT STRATAMAX IS 50% STRONGER THAN FIBERGLASS PRODUCTS.

FIBERGLASS BACKED

80 lbs. Results in Total Structural Failure

**LIMITED WARRANTY**

Good - Res: 20-year Limited

Value Plus - Res: 15-year Limited

*When exposed to water flooring will not swell, buckle or lose integrity. See warranty for details. Applies to StrataMax Good, StrataMax Value Plus, FlexStep Good and FlexStep Value Plus products only.
**FlexStep™ Good & FlexStep™ Value Plus** — FlexStep products offer simplified installation over felt-backed products by allowing for modified loose lay installation. All FlexStep products offer scratch and stain protection with a urethane finish, so the only decisions you need to make are thickness and design.

**Station Square™** — The urethane wear layer on Station Square improves scratch and stain performance. Perfect for those looking for the best durability and wear performance in felt-backed products.

**Initiator™** — Initiator provides the durability you have come to expect from felt-backed vinyl sheet with PVC coating, which strikes a good balance between value and performance.

ENGINEERED TILE
ALTERNA® PLANK, ALTERNA® RESERVE, & ALTERNA® ENGINEERED TILE

SOLUTIONS FOR BUILDERS
Tile and stone are beautiful enough to transform a space and add an air of elegance, which is why homeowners continue to love this flooring option. With Alterna® engineered tile, you’re giving a homeowner the best of both worlds — increased comfort and warmth, and easy care and maintenance. With Alterna, grout doesn’t need to be sealed and there’s no acclimation process, allowing for a 1-day installation versus 2+ days for traditional ceramic tile. So, not only is it quicker but more cost-effective too!

SOLUTIONS FOR PROPERTY MANAGERS
Tenants love the beautiful look of stone, and you love easy maintenance — Alterna® engineered tile marries the two in a cost-effective and simple flooring product. Alterna removes the maintenance hassle of stone, and eliminates the risk of cracking — further reducing the chance of damage by tenants. Installation and repairs are simple, as Alterna goes in quickly and tenants can live on the product the same day.

The Innovative Alternative to Natural Stone and Ceramic.
Boasting the beauty and durability of stone, ceramic, and porcelain, the feel of Alterna® engineered tile is entirely different. Its comfortable surface makes Alterna tiles warmer to the touch, kinder to your feet, and easier to care for in any room of the home. Live on your floor the same day. The benefits of Alterna tile extend beyond the tile itself. Installation of engineered tile is faster, easier, and cleaner than traditional tile, meaning less disruption to your daily life. Not only that, but unlike ceramic tile, it can be installed over minor subfloor irregularities without the risk of cracking.
**Alterna® Plank**
Alterna® Plank, available in 8" x 48" groutable planks, provides an array of realistic wood, marble, and concrete visuals. These floors feature innovative Diamond 10® Technology, offering the ultimate scratch, stain, and scuff resistance for easy cleaning.

**Product Structure**
ALTERNA PLANK PREMIUM ENGINEERED TILE

ENGERNED TNE

ALTERNA®
Enchanted Forest
D7199 Forest Fog
Cost-Effective. Easy to Install. Easy to Repair.

Vinyl tile is the ideal cost-effective way to give any room a quick-and-easy makeover. It’s a flooring favorite for utility areas, kitchens, mudrooms, bathrooms, and playrooms — or any flat and level surface other than the stairs.

Adhesive-backed tiles are easy to install — simply peel the liner sheet and stick to the floor. And what’s better than an easy installation? An easier repair. It’s as simple as pulling up the tile to replace it.

### Caliber™ Vinyl Tile

Caliber’s™ durable vinyl tiles, with a 6 mil vinyl wear layer, provides superior resistance to wear and stain, as well as easy maintenance. Caliber™ premium vinyl tile offers two installation methods depending on your preference, and boasts a lifetime limited residential warranty.

### PRODUCT STRUCTURE

**CALIBER VINYL TILE**

- 6 mil Vinyl Wear Layer

### Key Features & Benefits
- **S-1841 Quiet Comfort™ Floating Underlayment**
  - Reduces subfloor prep and simplifies installation.
  - Moisture barrier with no RH limit and resists mold and mildew.
  - Reduces through-the-floor and in-room footfall noise.
- **S-1840 Quiet Comfort™ Floating Underlayment**
  - Built-in moisture barrier and adapts to subfloor irregularities.

### Construction
- **S-1841 Quiet Comfort™ Floating Underlayment**
  - HMC Saturated Polyester
- **S-1840 Quiet Comfort™ Floating Underlayment**
  - Polypropylene Foam

### Gauge
- **S-1841 Quiet Comfort™ Floating Underlayment**
  - 0.02" (0.5 mm)
- **S-1840 Quiet Comfort™ Floating Underlayment**
  - 0.039" (1 mm)

### STC/IIC*
- **S-1841 Quiet Comfort™ Floating Underlayment**
  - 62/57
- **S-1840 Quiet Comfort™ Floating Underlayment**
  - 62/64

### Color
- **S-1841 Quiet Comfort™ Floating Underlayment**
  - Gray
- **S-1840 Quiet Comfort™ Floating Underlayment**
  - Black

### Dimensions (WxL)
- **S-1841 Quiet Comfort™ Floating Underlayment**
  - Standard 100 sq. ft. roll: 6’ x 16.7’
  - Standard 350 sq. ft. roll: 6’ x 58.3’
  - Jumbo ~1,600 sq. ft. roll: 6’ x 225’
- **S-1840 Quiet Comfort™ Floating Underlayment**
  - Standard 300 sq. ft. roll: 6’ x 50’

### Suitable for products
- **S-1841 Quiet Comfort™ Floating Underlayment**
  - For use with LVT, Rigid Core & Engineered Tile
- **S-1840 Quiet Comfort™ Floating Underlayment**
  - For use with LVT & Rigid Core Tile

---

*The ASTM tests for determining STC and IIC values do not specify a standard floor-ceiling structure for conducting the tests. The floor-ceiling structure used for the tests should be considered when comparing STC and IIC values of competitive products. Refer to FloorExpert.com for more information.

These products are not subject to the newly imposed tariffs.
