Raffia® Stream™ with Diamond 10® Technology
A Classic, Economical Value.

Armstrong Flooring creates products that push the limits of color, pattern, performance, and sustainability to meet the multiple demands of modern interiors. Developed through our Continuum Solutions™, Excelon® VCT harmonizes with other products across the entire Armstrong Flooring portfolio to help you execute your design intent.

The durable construction ensures lasting beauty in high-traffic areas, while flowing linear patterns, organic looks, and densely patterned earth tones effectively mask scuffs and soil in busy spaces. Colors range from vivid hues to quiet neutrals with a large selection of light-reflective colors that can have a big impact on energy reduction strategies and savings.

With Excelon® VCT having one of the lowest carbon footprints among all our resilient flooring products, it is an ideal choice for hallways, classrooms and cafeterias, mass market retailers and grocery stores, restaurants, and a wide range of public environments. It’s versatile, durable, and easy to maintain using standard maintenance protocols.

Premium Excelon® Raffia® Stream™ is available with Diamond 10® Technology. Keep tile floors looking newer longer, and with lower maintenance costs.
Trusted Long Term Performance.

- Decades of proven performance and durability
- Leader in the industry for over 50 years
- High quality with a reliable limited warranty

Healthy Environments.

- Free of Ortho-Phthalates* and Heavy Metals
- Low VOC Emissions and FloorScore® certified
- Composed of 85% North American limestone
- Recyclable through the On&On® Recycling Program
- Third-party certified Environment Product Declaration (EPD)
- Health Product Declaration (HPD)
- Helps conserve energy when high light-reflective colors are selected

* Select product lines are ortho-phthalate free, with the exception of recycled content.

Premium Flooring. Reduced Cost of Ownership.

Premium Excelon® Raffia® Stream™ with Diamond 10® Technology keeps your floors looking newer longer at a lower maintenance cost than traditional VCT.

Patented Diamond 10® Technology provides a protective coating, requiring fewer coats of floor polish to maintain your floor, reducing the cost of ownership significantly over the life of your floor.

Look Down for Savings.

Premium Excelon® Raffia® Stream™ with Diamond 10® Technology reduces the cost of ownership by:
- Reducing the initial application of polish by 50%
- Eliminating or reducing restorative stripping
- Maximizing gloss level with three coats of high-quality commercial floor polish

**Premium Excelon® Raffia® Stream™**

- **Diamond 10® Technology**—cultured diamond-infused coating
  - Provides a protective coating to reduce cost of ownership
- **Through-Color/Pattern Wear Layer**
  - Pattern/color wear performance:
    - High durability
    - Gouge resistance
    - Rolling load impact resistance
    - Appearance retention
